On behalf of the children and families at Children's Medical Center, thank you for your recent donation to our hospital. Each year, Children's Medical Center continues to advance our mission to "make life better for children"; through our Child Life Department, we have seen many lives changed for the better. Many of our young patients are hospitalized for days, weeks, or months at a time. The toys you provided have helped to brighten their day! Your commitment to helping sick children in our community is sincerely appreciated.

With the help of donors like you, we will continue to see improvements in the lives of hospitalized infants, children, and teens. On behalf of the patients and families at Children's Medical Center, thanks again for your support of our efforts. You can read more about Children's Medical Center at www.childrens.com

Sincerely,
